

N0502

NYLON

Material

Nylon 66 (PA 6/66), standard.

Technical Notes

Many Nylon parts are available in dyed black, this subject to a minimum value and process charge, please contact us for further details.

Dyed black colour is not long term UV

stable.

Nylon parts offer good electrical insulation, is resistant to corrosion and most dilute acids.

Nylon protects work surfaces and absorbs shocks and vibrations.

Light and rustproof. Good resistance to wear and weather conditions. The washer

provides a wider contact area.

Light and rustproof. Good resistance to wear and weather conditions. The washer provides a wider contact area.

Light and rustproof. Good resistance to wear and weather conditions. The washer provides a wider contact area.
