

Hose Clamps

Hose Clamps

Nylon

N8103.N0

NYLON

Material

Nylon.

Technical Notes

Nylon hose clamps.

Provides a superior seal on hose or tubing through a patented, interlocking design by eliminating the leak path created by the overlapping ring design hose clamps. As interlocking grooves are ratcheted

together, the sealing diameter of the fastener is aligned in parallel, creating a uniform clamping surface. Clamps may be removed by separating the clamping halves in a perpendicular direction at the seal.
