

Dear Valued Customer,

Thank you for your request for information from **Teknipart Ltd.** We are proud of our company, the range of products we manufacture and sell, and the prompt, friendly service we offer. We were established in 1956 and recently moved into a new, purpose-built factory in Chichester (West Sussex, UK), allowing us to expand our production and warehousing capacity to fully meet our customers' growing needs.

We receive many requests for general information and quality assurance. Often, these requests are from new customers or returning customers wishing to update their records. Therefore, we have put together a pack of information which should provide you with most – if not all – of the details you require about us as your supplier.

The pack contains the following details:

General Company Details	p. 2
Export Procedure Statement	p. 3-4
Quality Policy (incl. ISO 9001 certificate)	p. 6-8
Environmental Policy (incl. ISO 14001 certificate)	p. 9-12
USA-Specific Statements	p. 14-16
Health and Safety Policy (incl. RoHS and REACH statements)	p. 17-19
Per- and Polyfluorinated Substances (PFAS)	p. 20
Ethical Policies	p. 21
Russian Sanctions Declaration	p. 22
Conflict Minerals Reporting Declaration	p. 23-24
Modern Slavery Act Statement	p. 25-26
General Data Protection Policy for Customers	p. 27-32
Business Insurance Certificate	p. 34-36
Terms and Conditions of Sale	p. 37-40

If you would like to request any additional information or wish to discuss an order, please do not hesitate to contact our friendly team via email: sales@teknipart.co.uk.

Please also note that we cannot sign any customers' Terms & Conditions without passing them through for review by our solicitors. Since this process has additional costs associated with it, we can only complete this procedure for orders over £50,000.

We value your business and thank you for your enquiry.

Yours sincerely,

**The Sales Team

Export Procedure Statement

Dear Valued Overseas and Northern Irish customers,

We appreciate your business. Our aim is to make purchasing parts from us as easy as possible.

We have nearly 50 years of experience in delivering high quality products both within the UK and overseas, so we anticipate that any changes in customs processing for EU and Northern Ireland exports will not significantly impact our customers (although general delays at ports whilst the new arrangements are settling in are to be expected).

In this document, we aim to set out what you can expect from us as we export your goods to you. We may make reasonable adjustments to these procedures as time progresses and circumstances change.

For EU and UK customers in Northern Ireland

The United Kingdom left the European Union on 31st December 2019 and the Transition Period ended on 31st September 2021. As of 1st January 2021 there have been changes with respect to the way we export our goods to customers in the EU and those shipments to EU via Northern Ireland are processed (see: **Northern Ireland Protocol**). For example, a customs declaration is now necessary for every export from the UK to the EU and to EU import via Northern Ireland (NI). These changes bring the export process for EU bound goods largely in line with the procedures that we already use to export goods to the rest of the world.

Shipment details

We send our goods to you either: (a) Carriage Paid To (Incoterms® 2020 CPT) or (b) Free Carrier (Incoterms® 2020 FCA). In either case, we will provide the correct documentation to ensure your consignment is delivered.

a) **Carriage Paid To** (Incoterms® 2020 CPT). This means we will provide all export paperwork and pay for the cost of the goods being delivered to your door (excluding any VAT and customs duty or other charges).

We send most of our CPT consignments via United Parcel Service (UPS); UPS prepare a paperless commercial invoice using the data that we provide to them and they use that to process the customs entry as the goods enter the EU. UPS will collect any VAT or customs tariff payable as the goods enter the EU directly from you (these will be charged to your UPS account if you have one). For information only, our standard invoices will also show the commodity code, country of origin and Incoterms®.

b) **Free Carrier** (Incoterms® 2020 FCA). Some customers (especially with heavy goods) arrange their own carriers to collect from our factory in Chichester, UK. Incoterms® 2020 FCA is similar to shipping ex-works (Incoterms® 2020 EXW) *except* that we provide the required export documentation when we hand the goods over to your carrier.

As of 1st January 2021, FCA consignments to the EU must be accompanied by a commercial invoice as well as a delivery note. A template for the commercial invoice we will provide can be seen by following this link: [commercial invoice template](#).

Return of goods

Customers wishing to return goods are requested to contact us for a customer returns number (CRN). As of 1st January 2021, a commercial invoice needs to accompany the goods and we will provide this with the CRN. Depending on the reason for return, clearance/tax/duty charges will be borne either by you, or by Teknipart Ltd.

Should you need it for your records, **Teknipart Ltd's EORI number is: GB 408 1540 22000.**

Hopefully this note will answer any questions that you may have regarding future shipping, customs and documentation arrangements, but if you do have any further queries, please contact sales@teknipart.co.uk.

As ever, thank you for your custom. We are committed to following the necessary regulations and helping our customers make sense of the changing procedural environment.

Signed:

General Manager, August 2024

Quality Policy

OUR GOAL AT **TEKNIPART LTD.** IS TO GIVE OUR CUSTOMERS TOTAL SATISFACTION BY MEETING THEIR NEEDS WITH FAST RESPONSE, FRIENDLY SERVICE, AND PRODUCTS MEETING THEIR QUALITY REQUIREMENTS SUPPLIED ON TIME AND AT A FAIR PRICE.

At Teknipart Ltd., our customers are our priority. As part of our continual improvement, we consider the impact of our service and prioritise our efforts to reduce adverse impacts caused by non-conformances to customers.

Teknipart Ltd. are committed to ensuring compliance with existing and future legislation, regulatory and other requirements to which the company subscribes.

Teknipart Ltd. also maintain a programme of continual improvement through the framework of setting and reviewing objectives and targets in order to maintain and continually improve an effective **Quality Management System** in accordance with ISO 9001:2015. The Quality Management System is the means by which the company supports its goal of providing an outstanding customer journey, ultimately culminating in our customers receiving a high quality product that meets all the relevant standards and is delivered in a timely fashion.

The **Quality Manual** describes the Quality Management System in operation at Teknipart Ltd. It details the specific procedures, responsibilities, and budget allocations for its successful operation. The Quality Manual explains the way in which the system operates and defines those employees responsible for the performance of quality-related tasks within the company and is updated both annually and when a position of responsibility is filled by a different member of our team.

The implementation of the Quality Management System is cascaded throughout Teknipart Ltd. by means of an annual seminar delivered to all employees, and, in addition, via regular training and development interviews held with each employee. We emphasise that meeting customers' demands for quality service and products are the responsibility of every employee. Regular management meetings review our performance against key objectives, and feedback is communicated to all employees either individually or as a team at monthly company briefings.

The Directors are responsible for the implementation and operation of the Quality Management System and are granted full authority to take whatever steps are necessary to ensure that all the requirements of the Quality Management System are adhered to.

Teknipart Ltd. ISO 14001:2015 Certificate

The Wixroyd Group were awarded certification for ISO 14001:2015 in March 2022, reinforcing the group's commitment to sustainability through its environmental management system.

ISO 14001:2015 specifies the requirements for an environmental management system to improve an organisation's environmental performance and helps to manage its environmental responsibilities in a systematic manner. The ISO 14001:2015 announcement is in addition to the group's existing ISO 9001:2015 Quality Management System.

The Group has implemented a number of environmental initiatives at their Chichester operation including installation of solar panels, energy efficient practice, lubricant recovery and minimisation of waste to landfill.

Commenting on the new certificate on announcement, Lewis Sutton, General Manager, said: "We are committed to reducing the impact of our operations upon the environment and the environmental management system supports us in achieving this goal. ISO 14001 certification demonstrates our commitment to improving our environmental performance and we wish to thank our customers, staff and suppliers who have helped us to achieve this milestone and to continue to improve'.

ENVIRONMENTAL POLICY

The primary objective of the Wixroyd Group of companies (the Group) is to develop the business whilst paying full regard to protecting the environment and considering the view of all parties whose interest may be affected.

As an indication of the importance with which we regard the environment, we can proudly state that:

- We have a system in place to monitor legislative compliance
- We have the necessary authorisations to ensure that all our activities meet legal requirements
- We have a strategy to maximise recycling and minimise output of waste for disposal to landfill
- We encourage cycling to work and the use of electric vehicles
- We have had no environmental incidents in the last 5 years
- We have received no warning notices or letters from the environmental regulator within the last 5 years
- We have installed solar panels and generated 52,000 Kwhrs of electricity in the last year and will continue to increase the proportion of renewable electricity that we use

We realise that planned prevention or reduction of pollution and waste is better than rectifying problems after the event; it also makes sense to minimise waste and pollution to reduce long term costs, e.g. re-use wooden packaging crates rather than purchase new ones. Our policy considers the impact of our activities on the environment and local (and wider) communities, and takes into account our use of raw materials, energy, transportation, manufacturing waste and other emissions. We consider the impact of our activities on climate change and climate change is a topic considered in our analysis.

Considering these objectives, factors and observations, the Group commits to:

- Minimise disturbance to the local and global environment and to the quality of life of local communities and the effect on climate change
- Comply with all relevant statutory regulations
- Act in accordance with appropriate voluntary codes of practice
- Maintain the efficiency and sustainability of company premises and its contents
- Take positive steps to conserve scarce and/or non-renewable resources
- Assess, in advance (if possible), environmental effects of new processes and developments
- Collaborate with suppliers and business partners to improve environmental performance
- Provide necessary information to enable proper use, storage, and disposal of company products to avoid harm to the environment
- Provide necessary information to enable employees to operate processes in an environmentally friendly manner
- Keep the public informed of any major new projects in the locality
- Communicate the environmental policy to our employees
- Continuously strive to minimise our environmental impact and to promote policies and procedures that have a positive effect on the environment

Declaration Of Non Use Of Persistent Organic Pollutants (Pops) Covered By Regulation (Eu) 2019/1021

Persistent organic pollutants 'POP's', such as pesticides and certain industrial chemicals can persist in the environment, bio accumulate through the food web and pose a risk to human health and the environment. The continuous release of POPs into the atmosphere has been a serious concern to European Union since Regulation (EC) No 850/2004 of the European Parliament and of the Council on POPs came into force in 2004. Following amendments, the POPs regulation was cast into Regulation (EU) 2019/1021 of the European Parliament and of the Council in 2019.

Wixroyd Group, as a manufacturer and supplier of engineering components has been aware of the responsibilities for protecting the environment and human health. We have followed updates to prohibited substances and restricted substances listed in the POPs Regulation. Based on the verified information, we confirm that, to the best of our knowledge, our products are in compliance with the POPs Regulation and do not contain substances subject to prohibition listed in Annex I to Regulation (EU) 2019/1021 and amended 2020/784/EU. We will continue to follow the update of the POPs regulations, confirm that our suppliers are also compliant and ensure the conformity of our products.

USA W-9 Reporting

Dear whom it may concern,

We, **Teknipart Ltd.**, are not subject to United States reporting and withholding obligations because we either do not have United States sourced income and/or the labour performed within the United States was >\$3,000, and we were not present within the United States for greater than 90 days.

USA Environmental Protection Agency TSCA Statement

Dear customers wishing to import our products to the United States,

The USA's Environmental Protection Agency have identified five persistent, bioaccumulative and toxic (PBT) chemicals that are subject to final risk management rules under the Toxic Substances Control Act (TSCA) section 6(h).

These chemicals are:

- Decabromodiphenyl ether (DecaBDE)
- Phenol, isopropylated phosphate (3:1) (PIP (3:1))
- 2,4,6-Tris(tertbutyl)phenol (2,4,6-TTBP)
- Hexachlorobutadiene (HCBd)
- Pentachlorothiophenol (PCTP)

Teknipart Ltd. can confirm that, to the best of our knowledge, our products do not contain any of the above five chemicals in concentrations exceeding those specified by TSCA under section 6(h) (see: <https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/persistent-bioaccumulative-and-toxic-pbt-chemicals#risk>). If, through our regular due diligence process, we become aware of any products that do contain any of these chemicals, we will update this statement accordingly and endeavour to notify any affected customers.

California Proposition 65 Declaration

To our valued customers:

Teknipart Ltd. would like to inform all our customers that the products we sell may contain trace amounts of chemicals that are listed in California's Safe Drinking Water & Toxic Enforcement Act of 1986.

Commonly referred to as "Prop 65", the Act requires business to provide warnings to Californians about exposures to a list of chemicals that may be toxic or cause harmful effects. The extensive Prop 65 list is updated at least once a year. Please visit <https://www.p65warnings.ca.gov/> if you would like to learn more about Prop 65.

A relevant example on the Prop 65 list is metallic nickel. Metallic nickel constitutes 8-13% of stainless steel, so stainless steel products may require a Prop 65 warning for use in California. This includes stainless steels used in applications such as cookware, jewellery, construction etc.

Whilst we are unable to foresee the intended applications of all our products, including whether the residents of California will be exposed to our products, we have opted to provide a general warning that our products likely contain certain chemicals listed by the state of California. **This notice serves as 'reasonable warning' to our customers, as required by California law.**

Health and Safety Policy

GENERAL POLICY STATEMENT

Teknipart Ltd, as part of **Essentra PLC**, is committed to providing for the health, safety, and welfare of all employees. The company adheres to the Health & Safety at Work Act (1974) and all relevant regulations and codes of practice.

Commitment to health and safety policy is a management responsibility and it is the duty of the managers to ensure that this policy is upheld at all times and to provide the necessary funds and manpower required.

As part of Essentra PLC, Teknipart will share with and receive good practice in Health and Safety, learn from incidents within the Essentra team and commit to reporting to incidents to required standards.

The company is responsible for:

- Assessing risk to the health and safety of employees (and others), and identifying measures required to meet health and safety obligations
- Providing and maintaining equipment, protective clothing, and systems of work that comply with health and safety policy guidelines
- Ensuring all necessary safety devices are installed on equipment and are regularly maintained
- Providing information and training on safe working practices, and appropriate supervision
- Providing and maintaining a healthy and safe place of work
- Maintaining all portable electrical appliances within the company
- Promoting cooperation of employees to ensure safe and healthy systems of work
- Establishing an emergency procedure
- Monitoring and reviewing health and safety management, including policy

All employees have a duty to cooperate with this policy and must:

- Comply with any safety instructions and directions issued by the company
- Take reasonable care for their health and safety and the safety of others
- Co-operate to ensure that the aims of health and safety policy are achieved
- Report and co-operate in the investigation of all accidents
- Report any potential risk or malfunction of equipment to your line manager

This statement has been posted in a prominent place to ensure employees are familiar with our safety policy; it summarises the company's policy and is supported by a more comprehensive section in the Staff Handbook, risk assessments, and procedural instructions.

RoHS and REACH Policies

Restriction on Hazardous Substances (RoHS)

Please note that we are unable to foresee the intended applications of all of our products and, as such, if you are using one of our products in an electronic application and therefore require confirmation that a specific product is RoHS 3 compliant, you will need to contact our office. All material declarations provided by **Teknipart Ltd.** are accurate to the best of our present knowledge.

This document certifies that all components currently manufactured or sold by **Teknipart Ltd.** are in compliance with RoHS 3, or Directive 2015/863, on the restriction of the use of certain hazardous substances in electrical and electronics equipment (RoHS Directives). Please note that this statement does not cover customers ordering bespoke, non-standard material or finishing/coating options – please contact us if this is the case.

Specifically, **Teknipart Ltd.** products do not contain:

- Asbestos
- Azo compounds
- Certain short chain chlorinated paraffins
- Chlorinated organic compounds
- Dimethyl fumarate
- Lead and lead compounds other than as exempted
- Organic tin compounds
- Ozone depleting substances - Class I (CFCs, HBFCs, etc.)
- Ozone depleting substances - Class II (HCFCs)
- Perfluorooctane sulphonate (PFOS)
- Polychlorinated biphenyls (PCBs)
- Polychlorinated naphthalenes (> 3 chlorine atoms)
- Radioactive substances
- Red phosphorous
- Tributyl tin (TBT) and Triphenyl tin (TPT)
- Tributyl tin oxide (TBTO)

Teknipart Ltd. products do not exceed the allowable limits for the following restricted substances:

- Lead - (0.1% by mass or 1000 PPM) other than exempted
- Mercury - (0.1% by mass or 1000 PPM)
- Cadmium - (0.01% by mass or 100 PPM)
- Hexavalent chromium - (0.1% by mass or 1000 PPM)
- Polybrominated biphenyls (PBB) - (0.1% by mass or 1000 PPM)
- Polybrominated diphenyl ethers (PBDE) including DecaBDE - (0.1% by mass or 1000 ppm)
- Bis(2-ethylhexyl) phthalate (DEHP) - (0.1% by mass or 1000 PPM)
- Butyl benzyl phthalate (BBP) - (0.1% by mass or 1000 PPM)
- Dibutyl phthalate (DBP) - (0.1% by mass or 1000 PPM)
- Diisobutyl phthalate (DIBP) - (0.1% by mass or 1000 PPM)

Continued on the next page.

Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

Teknipart Ltd. has evaluated the products offered by the company regarding their status under Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), the European Union regulation covering the use and importation of chemicals and substances into the European Economic Area (EEA).

Section 2.1 of the European Chemical Agency (ECHA) guidance document (Requirements for Substances in Articles) defines an article as “an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition”. Teknipart **Ltd.** products are considered articles under this definition and, with the exception of certain lead-containing alloys, we can confirm that our products do not contain any substances of very high concern (SVHC) as listed on the Candidate List of Substances of Very High Concern (Published in accordance with Article 59(10) of the REACH Regulation), at concentrations above 0.1% (w/w), based on the last dated 21/01/2025.

We do supply some products that consist of or incorporate lead-containing alloys, such as brass, with Pb concentrations >0.1% (w/w). REACH regulations require **Teknipart Ltd.** to communicate substance information on products containing >0.1% (w/w) SVHC, so that the customer may use them safely.

We would therefore like to inform you that lead-containing alloys contain elemental lead (CAS 7439-92-1). The following GHS hazard symbols apply to elemental lead: H302+H332 (harmful if swallowed or inhaled), H350 (may cause cancer), H360 (may damage fertility or the unborn child), H373 (may cause organ damage through prolonged or repeated exposure), H400+H410 (very toxic to aquatic life with long-lasting effect). Please note that the release of elemental lead from lead-containing alloys into the environment is dependent on product usage but is likely to be negligible. However, if you wished to further process (cut, weld, etc.) or dispose of an article made with lead-containing alloy, you may wish to consider relevant precautions.

This statement covers all legitimate products offered in the official **Teknipart Ltd.** catalogues and on the official websites. Please note that this statement does not apply to customers ordering bespoke products with custom finishings or coatings.

Per- and Polyfluorinated Substances (PFAS)

The per-and polyfluoroalkyl substances (PFAS) are a group of chemicals used to make fluoropolymer coatings and products that resist heat, oil, stains, grease, and water. PFAS fall within the scope of UK REACH, the chemicals regime which applies in all parts of the UK other than Northern Ireland.

Wixroyd have investigated their supply chain to check if we are using PFA's and contacted their suppliers requesting confirmation that their products are PFA free.

We can confirm that Wixroyd does not supply products containing PFA's

Ethical Policies

Anti-bribery policy

We do not tolerate bribery or corruption of any form in our business. We comply with UK anti-bribery and anti-corruption laws and regulations and support efforts to eliminate bribery and corruption worldwide. We work to make sure that our business partners share our commitment.

- We do not offer or accept bribes, kickbacks or any other kind of improper payment including facilitation payments.
- We keep accurate books and records so that payments are honestly described and company funds are not used for unlawful purposes.
- We ensure all our staff are aware of the 2010 Bribery Act and comply with its principles.

Commitment to human rights

We seek to conduct our business in a manner that respects the human rights and dignity of people. Each of us can play a role in the elimination of human rights abuses such as child labour, human trafficking, and forced labour. Our staff are encouraged to report any human rights abuse in our operations or in those of our business partners.

Anti-competitive conduct

We do not engage in any form of agreement or understanding with competitors to fix prices, rig bids, allocate customers and/or restrict supply.

Counterfeit products

We recognise that counterfeit components pose a serious threat to industry and its end customers. We provide genuine products to fulfil our customer expectations. When components cannot be obtained from traceable sources, we endeavour to use verified suppliers or take mitigation actions (e.g. quality testing) to minimise the risk of fraudulent components entering the supply chain. Our warehouse procedures incorporate comprehensive inspection. We are able to provide full traceability on request.

Conflict materials

We support the ending of violence and human rights violations in the mining of minerals from the area known as the “Conflict Region” in the east of the Democratic Republic of Congo (DRC) and surrounding countries. We have undertaken due diligence with our suppliers including the provision of written statements that none of the products we supply contain purchases of tin, tantalum, tungsten or gold from the “Conflict Region”. **Teknipart Ltd.** will not purchase products that contain conflict minerals that directly or indirectly finance or benefit armed groups in the DRC or adjoining countries.

Modern Slavery Act Statement

At **Teknipart Ltd.** we are committed to supporting human rights and we take seriously our responsibilities under the Modern Slavery Act 2015. We have a zero-tolerance approach to slavery and human trafficking and are dedicated to understanding the risks so that we can work towards ensuring that there is no trace of modern slavery in our business or supply chains.

Structure of Teknipart Ltd.

Teknipart Ltd. is a leading manufacturer and supplier of specialist engineering components to industry and operates from Chichester in West Sussex, UK. Along with our own manufacturing and assembly operations, we have a number of suppliers from the European Union, Central Europe, the USA and Asia. We employ approximately 40 staff at our site at Chichester and Tamworth in the UK.

Our supply chains

The majority of our purchasing is of engineering components which we use to manufacture finished goods in our warehouse and subsequently despatch. Our support suppliers provide items such as office supplies, IT support and systems, or professional services. We occasionally work with employment agencies who supply a limited number of people to work in our office or warehouse.

Procurement for engineering components is managed by a dedicated Purchasing team and support suppliers are managed by the Finance and Management teams. We choose our suppliers carefully and, where appropriate, carry out due diligence on these parties and endeavour to contractually require them to comply with applicable laws.

Our anti-slavery initiatives and policies

We have reviewed our purchasing and employment practices and will continue to monitor and assess our practices in this area and encourage improvement. Our commitment to social responsibility is reflected in our employee training programmes and company policies. We expect the same high standards from our suppliers.

We encourage our employees to report any ethical concerns through our whistle-blowing policy, which has a clear reporting structure intended to make the process as simple as possible for any colleague who wishes to raise a concern.

We implement 'right-to-work' checks on all new employees and monitor the hours worked by our colleagues. We emphasise the importance of a healthy company culture and treating each other with respect.

We pay above the National Living Wage to all employees, not just those aged over 25.

Continued on the next page.

Due diligence processes for slavery and human trafficking

We have carried out an assessment to understand the areas of our business and supply chains where there is a risk of slavery and human trafficking taking place. To our knowledge, our business and supply chains are free of these practices. Our Purchasing team assist in ensuring suppliers meet our legal obligations.

When taking on new suppliers in areas which we consider to be higher risk, we will undertake supplier due diligence and engage with potential suppliers to understand the actions taken by them to minimise the prevalence of slavery and human trafficking in their supply chains. We would treat any incident of modern slavery as a breach of our company policies, contractual terms and/or law.

We have focused on the assessment of our supply chain and high risk areas and on ensuring that we do not have any modern slavery in our own business; we aim to widen the supply chain assessment as detailed below.

Further steps

This is our first Modern Slavery Act Statement, and we recognise that this is an area which requires continual monitoring and improvement. The next steps we intend to take are:

- Ensuring that all suppliers are complying with the Modern Slavery Act
- Incorporating Modern Slavery Act compliance into our Staff Handbook
- Incorporating a section on modern slavery into our whistle-blowing policy

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes our slavery and human trafficking policy. This statement has been approved by Teknipart's board of directors, who will review it annually.

1. Introduction

The Wixroyd Group supplies products and services almost exclusively on a business-to-business contractual basis. Any personal information we collect relates only to an individual's role as an agent for their employer of business in fulfilling the business-to-business contract – we do not endeavour to collect any personal data other than to perform that contract.

This Privacy Notice explains in detail the types of personal data we may collect about you when you interact with us, in your role as an agent for your employer or business. It also explains how we'll store, handle, and protect that data.

We know that there's a lot of information here, but we want you to be fully informed about your rights for data privacy and about how the Wixroyd Group uses your data. It's likely that we'll need to update this Privacy Notice from time to time. You're welcome to come back and check it whenever you wish.

2. What is the Wixroyd Group?

The Wixroyd Group consists of the following related businesses:

- Wixroyd International Ltd. – company registration number 00496138, registered in England
- Automotion Components Ltd. – company registration number 2761902, registered in England
- **Teknipart Ltd.** - company registration number 861056, registered in England

For simplicity throughout this notice, 'we', 'us' and "the Group" means the Wixroyd Group and its brands.

3. Explaining the legal bases we rely on

The Group supplies products and services almost exclusively on a business-to-business contractual basis. Any personal information we collect relates only to an individual's role as an agent for their employer of business in fulfilling the business-to-business contract – we do not endeavour to collect any personal data other than to perform that contract.

The law on data protection sets out a number of different reasons for which a company may collect and process personal data, including:

Contractual obligations

In certain circumstances, we need your personal data to comply with our contractual obligations.

For example, if you order an item from us for delivery, we'll collect your address details to deliver your purchase, and pass them to our courier.

Legitimate interest

In specific situations, we require your data to pursue our legitimate interests in a way which might reasonably be expected as part of running our business and which does not materially impact your rights, freedom or interests.

For example, we will use your purchase history to send you or make available personalised offers.

We also combine the shopping history of many customers to identify trends and ensure we can keep up with demand and/or develop new products/services.

We will also use your address details to send you direct marketing information by post, telling you about products and services that we think might interest you.

4. When do we collect your personal data?

- When you visit any of our websites, and use your or your employing businesses account to buy products and services
- When you make an online purchase and check out as a guest (in which case we just collect transaction-based data)
- When you create an account with us, on behalf of your employing business
- When you purchase a product by phone but don't have (or don't use) an account
- When you contact us by any means with queries, complaints etc
- When you choose to complete any surveys we send you
- When you fill in any forms on our websites – e.g. a catalogue request forms, or online support chat services

5. What sort of personal data do we collect?

The Wixroyd Group supplies products and services almost exclusively on a business-to-business contractual basis. Any personal information we collect relates only to an individual's role as an agent for their employer of business in fulfilling the business-to-business contract – we do not endeavour to collect any personal data other than to perform that contract. The data collected to perform the contract typically includes:

- If you have a web account with us: business name, billing and delivery addresses, name and email address of responsible persons placing orders, or making payment for orders on behalf of the business, orders and receipts, email and telephone number. For your security, we'll also keep an encrypted record of your login password.
- Details of the businesses or employing company's interactions with us through online services, email communications, on online support/chat services, history of any visits to the business site.

For example, we collect notes from our conversations with you, details of any complaints or

comments you make, details of purchases you made, items viewed or added to your basket, web pages you visit and how and when you contact us.

- Details of your visits to our websites, and which site you came from to ours.
- Information gathered using cookies in your web browser. Learn more about how we use cookies and similar technologies – see our cookies policy.
- Payment card information.
- To deliver the best possible web experience, we collect technical information about your internet connection and browser as well as the country and telephone code where your computer is located, the web pages viewed during your visit, the advertisements you clicked on, and any search terms you entered.

6. How and why do we use your personal data?

We want to give you the best possible customer experience. One way to achieve that is to get the richest picture we can of who you are by combining the data we have about you. We then use this to offer you promotions, products and services that are most likely to interest you. In the case of loyalty scheme members, we'll also offer you relevant rewards.

The data privacy law allows this as part of our legitimate interest in understanding our customers and providing the highest levels of service. Of course, if you wish to change how we use your data, you'll find details in the 'What are my rights?' section below.

Here's how we'll use your personal data and why:

- To process any orders that you make by using our websites, of calls to our customer service centre. If we don't collect your personal data during checkout, we won't be able to process your order and comply with our legal obligations.

For example, your details may need to be passed to a third party to supply or deliver the product or service that you ordered, and we may keep your details for a reasonable period afterwards to fulfil any contractual obligations such as refunds, guarantees and so on.

- To respond to your queries, refund requests and complaints. Handling the information you sent enables us to respond. We may also keep a record of these to inform any future communication with us and to demonstrate how we communicated with you throughout. We do this on the basis of our contractual obligations to you, and our legitimate interests in providing you with the best service and understanding how we can improve our service based on your experience.
- To protect our business and your account from fraud and other illegal activities. This includes using your personal data to maintain, update and safeguard your account. We'll also monitor your browsing activity with us to quickly identify and resolve any problems and protect the integrity of our websites. We'll do all of this as part of our legitimate interest.

For example, by checking your password when you login and using automated monitoring of IP addresses to identify possible fraudulent logins from unexpected locations.

- To process payments and to prevent fraudulent transactions. We do this on the basis of our legitimate business interests. This also helps to protect our customers from fraud.
- Operating almost exclusively on a business-to-business basis, the Group complies with the Privacy and Electronics Communications Regulations (PECR) most relevant to the communications between businesses, and agents of businesses. In this context the Group will use your personal data, preferences and details of your transactions to keep you informed by email, web, telephone and through our customer service centres about relevant products and services.

Of course, you are free to opt out of hearing from us by any of these channels at any time.

- To send you relevant, personalised communications by post in relation to updates, offers, services and products. We'll do this on the basis of our legitimate business interest.

You are free to opt out of hearing from us by post at any time.

- To send you communications required by law or which are necessary to inform you about our changes to the services we provide you.
- To develop, test and improve the systems, services and products we provide to you. We'll do this on the basis of our legitimate business interests.

For example, we'll record your browser's Session ID to help us understand more when you leave us online feedback about any problems you're having.

- To send you survey and feedback requests to help improve our services. These messages will not include any promotional content and do not require prior consent when sent by email or text message. We have a legitimate interest to do so as this helps make our products or services more relevant to you.

Of course, you are free to opt out of receiving these requests from us at any time by updating your preferences in your online account.

7. Combining your data for personalised direct marketing

We want to bring you offers and promotions that are most relevant to your interests at particular times to help us better serve your needs. To help us form a better overall understanding of you as a customer, we combine your personal data gathered across the Group as described above.

8. How we protect your personal data

We know how much data security matters to all our customers. With this in mind, we treat your data with the utmost care and take all appropriate steps to protect it.

We secure access to all transactional areas of our websites and apps using 'https' technology. We also regularly monitor our system for possible vulnerabilities and identify ways to further strengthen security.

9. How long will we keep your personal data?

Whenever we collect or process your personal data, we'll only keep it for as long as is necessary for the purpose for which it was collected.

For example when you place an order, we'll keep the personal data you give us for five years so we can comply with our legal and contractual obligations. In the case of certain products, we'll keep the data for 10 years.

10. Who do we share your personal data with?

We sometimes share your personal data with trusted third parties.

For example, delivery couriers, technicians visiting your premises, for fraud management, to handle complaints, to help us personalise our offers to you and so on.

Here's the policy we apply to those organisations to keep your data safe and protect your privacy:

- We provide only the information they need to perform their specific services
- They may only use your data for the exact purposes we specify in our contract with them
- We work closely with them to ensure that your privacy is respected and protected at all times
- If we stop using their services, any of your data held by them must either be deleted or anonymised

Examples of the kind of third parties we work with are:

- *IT companies who support our website and other business systems*
- *Operational companies such as delivery couriers*
- *Direct marketing companies who help us manage our electronic or paper-based communications with you*
- *Google (to show you products that might interest you while you're browsing the internet. This is based on either your marketing consent or your acceptance of cookies on our websites. See our Cookies Notice for details)*
- *Data insight companies to ensure your details are up to date and accurate*

• We may, from time to time, expand, reduce or sell the Group and this may involve the transfer of divisions or the whole business to new owners. If this happens, your personal data will, where relevant, be transferred to the new owner or controlling party, under the terms of this Privacy Notice. For further information please contact our Data Protection Officer. We do not share your data with third parties for their own purposes.

11. Where your personal data may be processed

Sometimes we will need to share your personal data with third parties and suppliers outside the European Economic Area (EEA), such as Australia or the USA. If you are based outside the UK and place an order with us, we will transfer the personal data that we collect from you to the Group in the UK. Any transfer of your personal data will follow applicable laws and we will treat the information under the guiding principles of this Privacy Notice.

12. What are your rights over your personal data? An overview.

You have the right to request:

- A copy of any information about you that the Group holds at any time, and also to have that information corrected if it is inaccurate – this will be free of charge in most cases, but we reserve the right to make a small charge were appropriate
- If we choose not to action your request, we will explain to you the reasons for our refusal
- That we stop using your personal data for direct marketing (either through specific channels, or all channels)

To ask for your information, please contact Data Protection Officer, The Wixroyd Group, Alexia House, Glenmore Business Park, Portfield Works, Chichester, PO19 7BJ, or email sales@wixroyd.com. To ask for your information to be amended, please update your online account or contact our Customer Services team.

Where we rely on our legitimate interest

In cases where we are processing your personal data on the basis of our legitimate interest, you can ask us to stop for reasons connected to your individual situation. We must then do so unless we believe we have a legitimate overriding reason to continue processing your personal data.

Direct marketing

You have the right to stop the use of your personal data for direct marketing activity through all channels, or selected channels. We must always comply with your request.

Checking your identity

To protect the confidentiality of your information, we will ask you to verify your identity before proceeding with any request you make under this Privacy Notice. If you have authorised a third party to submit a request on your behalf, we will ask them to prove they have your permission to act.

13. How can you stop the use of your personal data for direct marketing?

There are several ways you can stop direct marketing communications from us:

- Click the 'unsubscribe' link in any email communication that we send you. We will then cease to send any further emails from that particular division
- If you have a web account, log in into your account on our website and visit the 'My Account' area to change your preferences
- Write to: Data Protection Officer, The Wixroyd Group, Alexia House, Glenmore Business Park, Portfield Works, Chichester, PO19 7BJ, or email sales@wixroyd.com

Please note that you may continue to receive communications for a short period after changing your preferences while our systems are fully updated.

14. If you live outside the UK

By using our services or providing your personal data to us, you expressly consent to the processing of your personal data by us or on our behalf. Of course, you still have the right to ask us not to process your data in certain ways, and if you do so, we will respect your wishes.

Sometimes we'll need to transfer your personal data between countries to enable us to supply the goods or services you've requested. In the ordinary course of business, we may transfer your personal data from your country of residence to ourselves and to third parties located in the UK. By dealing with us, you are giving your consent to this overseas use, transfer and disclosure of your personal data outside your country of residence for our ordinary business purposes. This may occur because our information technology storage facilities and servers are located outside your country of residence and could include storage of your personal data on servers in the UK.

We'll ensure that reasonable steps are taken to prevent third parties outside your country of residence using your personal data in any way that is not set out in this Privacy Notice. We'll also make sure we adequately protect the confidentiality and privacy of your personal data.

15. Any questions?

We hope this Privacy Notice has been helpful in setting out the way we handle your personal data and your rights to control it. If you have any questions that haven't been covered, please contact our Data Protection Officer who will be pleased to help you – email us at sales@wixroyd.com or write to us at The Wixroyd Group, Alexia House, Glenmore Business Park, Portfield Works, Chichester, PO19 7BJ.

Terms and Conditions of Sale

1. Definitions in these conditions

'Buyer' means any person, company or organisation which buys or has agreed to buy any Goods.

'Conditions' means these terms and conditions (as amended from time to time).

'Contract' means a contract between the Seller and the Buyer for the sale and purchase of Goods in accordance with these Conditions.

'Expenses' means any out-of-pocket costs incurred by the Seller in fulfilling an Order, including (without limitation):

- (a) postage, packaging, carriage, freight and handling charges;
- (b) insurance;
- (c) currency conversion and banking charges applicable to the payment method used; and
- (d) any customs, import or other duties charged in respect of the sale and importation of the Goods into the country where delivery is to take place.

'Goods' means the goods (or any part of them) set out in the Order.

'Order' means an order for the supply Goods placed by the Buyer with the Seller.

'Seller' means Teknipart Ltd.

'Specification' means any specification for the Goods that is agreed in writing by the Seller and the Buyer.

- 1.1 No employee, agent or salesman of the Seller has any authority to waive or vary any of these Conditions on behalf of the Seller and any variation to these Conditions shall be inapplicable unless in writing and signed by a Director on behalf of the Seller.

2. Acceptance of order

- 2.1 Unless agreed otherwise by the parties in writing only, these Conditions apply to each Contract and sale of Goods to the exclusion of any other terms that the Buyer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.
- 2.2 An Order shall be deemed to be conclusive evidence of the Buyer's acceptance of these Conditions.
- 2.3 An Order constitutes an offer by the Buyer to purchase Goods in accordance with these Conditions. The placing of an Order by the Buyer, whether or not based upon a quotation, shall not be binding on the Seller and the Buyer, unless accepted in writing by the Seller, at which point a Contract shall come into existence. The Buyer is responsible for ensuring that the terms of the Order, and any applicable Specification, are complete and accurate.
- 2.4 The Seller reserves the right to reject any Order and shall be under no obligation to acknowledge receipt of an Order from the Buyer.
- 2.5 No representations or undertakings made or given on the Seller's behalf prior to formation of the Contract shall be binding on the Seller, unless incorporated expressly in writing in a Contract. A Contract constitutes the entire agreement between the parties with respect to the relevant Goods.
- 2.6 Goods ordered by the Buyer which are out of stock will be placed on back order unless the Buyer shall specify "ex-stock" or "cancel" in its Order.
- 2.7 If the Buyer shall require any change in the terms or arrangements for the performance of a Contract it shall inform the Seller promptly and no change will be effective unless and until agreed in writing by the Seller.
- 2.8 Subject to Condition 2.9, if the Buyer wishes to cancel an Order, the Buyer must notify the Seller in writing within 5 days of receipt by the Seller of the Order, and any cancellation will only be deemed to have been accepted by the Seller upon the issue by the Seller of an order cancellation acknowledgement.
- 2.9 In the case of a Buyer placing with the Seller an Order for Goods subject to a Specification, in the event of the Buyer cancelling the Order within 5 days of receipt by the Seller of the Order, the Seller reserves the right to make a charge on the Buyer for any reasonable costs incurred in the acquisition of material, design time or tooling costs which the Seller may reasonably have incurred having received the Order from the Buyer in good faith.
- 2.10 The Seller will only accept a call-off order ('**Call-off Order**') (subject to its absolute discretion) if it is for a maximum duration of 12 months and is accompanied by a detailed delivery schedule. In the event that the Buyer fails to complete the Call-off Order in accordance with the delivery schedule submitted, the Seller shall be entitled to charge the Buyer, in addition to the price of any Goods that have been supplied, 100% of the list price of any Goods that are subject to the Call-off Order but which have not actually been supplied.

3. Specification

- 3.1 All Specifications, together with drawings and data contained in the Seller's catalogues or brochures or on the Seller's website or otherwise supplied by the Seller are approximate only and shall not form part of a Contract or have any contractual force unless otherwise stated in writing.
- 3.2 The Seller reserves the right without prior notice to effect modifications and design changes and to discontinue manufacture of any Goods as part of a continuous programme of product development.
- 3.3 To the extent that the Goods are to be manufactured in accordance with a Specification supplied by the Buyer, the Buyer shall indemnify the Seller against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Seller in connection with any claim made against the Seller for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Seller's use of the Specification. This clause 3.3 shall survive termination of the Contract.

4. Selection

- 4.1 The Buyer shall be responsible for selecting the Goods ordered and determining whether they are suitable and sufficient for the Buyer's purpose.
- 4.2 The Seller shall have no liability for the failure of the Goods to perform in accordance with any Specifications when such failure shall be caused by their operation in conditions which shall be unsuitable unless the Buyer shall have stated in its Order that such conditions would apply and the Seller shall have accepted such stipulation in writing.
- 4.3 Where the Seller manufactures any Goods in accordance with Specifications, the Seller will request written approval by the Buyer of the production drawing prior to manufacture and the Buyer shall be responsible for ensuring the accuracy of the production drawing in all respects.

5. Custom charges and licenses

The Buyer is responsible for payment of all customs and other charges levied on the Goods, if any, and for obtaining, at its own cost, such import licenses and other consents in relation to the Goods as are required from time to time. If required by the Seller, the Buyer shall make those licenses and consents available to the Seller prior to the relevant shipment.

6. Prices

- 6.1 Prices quoted by the Seller are based upon its prices ruling at the date of quotation and the Seller reserves the right to adjust its prices at the time of acceptance of Order to reflect any increase in the cost of supplying the Goods or the publication of a new price list occurring after quotation.
- 6.2 Unless otherwise stated in writing, prices quoted by the Seller are exclusive of the cost of packaging and delivery and VAT. If the Buyer is required under any applicable law to withhold or deduct any amount from the payments due to the Seller, the Buyer shall increase the sum it pays to the Seller by the amount necessary to leave the Seller with an amount equal to the sum it would have received if no such withholdings or deductions had been made.
- 6.3 While the Seller makes every effort to ensure that prices stated in its sales literature and on its website are up-to-date and accurate the Buyer shall not rely on prices stated there and should contact the Seller's sales office to verify prices before placing an Order.
- 6.4 The Buyer shall not be entitled to make any deduction from the price of Goods by way of setoff or counter-claim.

7. Payment

- 7.1 Save where the Buyer has a credit account with the Seller, the Buyer is requested to make payment by debit or credit card or alternatively cleared funds via cheque or bank transfer.
- 7.2 Where the Buyer makes payment for Goods by means of a debit or credit card the Buyer must notify the Seller that it chooses to pay by this method at the time of placing an Order. The Seller reserves the right to decline to accept payment by credit card in any particular instance. The payment will be deducted from the Buyer's card account on or before despatch of the Goods from the Seller's premises.
- 7.3 If the Buyer is a trade customer or a regular customer, the Seller will upon request open a credit account for the Buyer provided that the price of the Buyer's first Order for Goods exceeds £100. For credit account customers the Seller requires payment to be made within 30 days after the date of invoice.
- 7.4 If the Buyer is from outside the United Kingdom payment for the Goods in full is required at the time the Order is placed. Paragraph 7.1 indicates accepted methods of payment.
- 7.5 Any cheque payment should be made out to Teknipart Ltd. The Seller's bank details will be provided upon request to enable the Buyer to make any payment by means of bank transfer.
- 7.6 Payment made by means of a cheque, bill or documentary credit shall be deemed to be effected when honoured and all costs of discounting and encashing shall be borne by the Buyer.
- 7.7 Time for payment shall be of the essence of each Contract.
- 7.8 In the event of delay in payment the Seller shall be entitled to charge interest at the rate of 4% per annum above Barclays Bank plc base rate from time to time from the date of invoice until the date on which payment is actually made, without prejudice to its other rights.
- 7.9 During any period of default in payment and at any time when the Seller shall have reasonable grounds for doubting that any payment by the Buyer will be made on the due date, the Seller shall be entitled to suspend the fulfilment of any Orders and withhold delivery of any Goods, without prejudice to its right to payment for Goods delivered and costs and expenses incurred in connection with undelivered Goods which shall become immediately due and payable.
- 7.10 If such default or other circumstances shall continue for a period of 14 days, the Seller shall be entitled to terminate a Contract by written notice to the Buyer, without prejudice to its other rights.
- 7.11 The granting by the Seller to the Buyer of time or other indulgence shall not prejudice or constitute a waiver of any of the Seller's rights under these Conditions.
- 7.12 The Seller shall have a general lien over any money or other property of the Buyer in its possession for all money due to it from the Buyer. If any lien is not satisfied within 14 days of such money becoming due, the Seller may apply such money, or as the case may be, sell such property as agent for the Buyer and apply the proceeds, after deducting the expenses of the sale, in each case towards the monies due and the balance (if any) shall be paid to the Buyer.

8. Delivery times

- 8.1 The Buyer should contact the Seller's sales office for current delivery times.
- 8.2 Any time for delivery given by the Seller shall not be of the essence of a Contract.
- 8.3 The Seller shall endeavour to meet the Buyer's delivery requirements but shall not be liable for any loss or damage caused by delay in delivery and the Buyer shall not be entitled to cancel a Contract because of such delay.
- 8.4 Each delivery shall be considered a separate transaction and the failure of any one delivery shall not affect the due performance of a Contract as regards other deliveries.
- 8.5 The Seller shall be entitled to make partial deliveries and these Conditions shall apply to each delivery.

9. Delivery

- 9.1 Unless otherwise agreed, delivery shall be effected at the premises of the Buyer or other place specified in a Contract for delivery.
- 9.2 Subject to Condition 9.3, the method of carriage and choice of carrier for delivery within the United Kingdom shall be determined by the Seller.
- 9.3 If the Contract specifies or the parties subsequently agree a method of delivery which shall incur Expenses, the Buyer shall be liable to pay all such Expenses and shall indemnify the Seller against all such Expenses. Such Expenses shall be included in the invoice for the relevant Goods where identified in advance.
- 9.4 If the Goods shall be collected by the Buyer or by a carrier pursuant to arrangement made by the Buyer, delivery shall be deemed to take place on collection. In all other instances, delivery shall take place at the agreed place of delivery.
- 9.5 If the Buyer requires delivery to be made outside the United Kingdom, the Seller recommends that the choice of carrier shall be determined by the Buyer and that the Buyer notifies such choice to the Seller at the time of placing its Order. In the absence of such notification the Seller will choose the carrier.
- 9.6 If delivery should be delayed at the request of the Buyer, the Seller may place the Goods in store at the Buyer's risk and the Buyer shall pay such storage costs and other costs incurred by the Seller as a result of such delay.

10. Title and risk

- 10.1 Title to the Goods shall remain with the Seller until payment in full is made by the Buyer.
- 10.2 The provisions of Condition 10.1 shall not prevent the Buyer from fixing the Goods to any other product or selling the Goods in the normal course of business but in the event of sale to the extent of the Buyer's indebtedness to the Seller in respect to the Goods, the Buyer shall hold the proceeds of sale or the right to receive the same on trust for the Seller and shall, at its request, either (i) place the proceeds of sale in a separate account of the Buyer in such a way as to be identifiable as in the beneficial ownership of the Seller, or (ii) assign the right to receive the proceeds of sale to the Seller.
- 10.3 If, before title to the Goods passes to the Buyer, the Seller becomes subject to any of the events listed in Condition 10.5, or the Seller reasonably believes that any such event is about to happen and notifies the Buyer accordingly, then, provided that the Goods have not been resold, or irrevocably incorporated into another product, and without limiting any other right or remedy the Buyer may have, the Seller may at any time require the Buyer to deliver up the Goods and, if the Buyer fails to do so promptly, enter any premises of the Buyer or of any third party where the Goods are stored in order to recover them.
- 10.4 The risk in the Goods shall pass to the Buyer on delivery or placing in store in accordance with Condition 9.
- 10.5 For the purposes of Condition 10.3, the relevant events are:
- 10.5.1 the Buyer suspends, or threatens to suspend, payment of its debts, or is unable to pay its debts as they fall due or admits inability to pay its debts, or (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986, or (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986, or (being a partnership) has any partner to whom any of the foregoing apply;
 - 10.5.2 the Buyer commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors;
 - 10.5.3 (being a company) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Buyer;
 - 10.5.4 (being an individual) the Buyer is the subject of a bankruptcy petition or order;
 - 10.5.5 a creditor or encumbrancer of the Buyer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets;
 - 10.5.6 (being a company) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Buyer;
 - 10.5.7 (being a company) a floating charge holder over the Buyer's assets has become entitled to appoint or has appointed an administrative receiver;
 - 10.5.8 a person becomes entitled to appoint a receiver over the Buyer's assets or a receiver is appointed over the Buyer's assets;
 - 10.5.9 any event occurs, or proceeding is taken, with respect to the Buyer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in Conditions 9.5 (a) 0 to (h) (inclusive);
 - 10.5.10 the Buyer suspends, threatens to suspend, ceases or threatens to cease to carry on all or substantially the whole of its business;
 - 10.5.11 the Buyer's financial position deteriorates to such an extent that in the Seller's opinion the Buyer's capability to adequately fulfil its obligations under a Contract has been placed in jeopardy; and/or
 - 10.5.12 (being an individual) the Buyer dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation.

11. Inspection, transit delays and non-delivery

- 11.1 The Buyer must inspect the Goods as soon as is reasonably practicable after delivery and shall within 7 days of delivery give notice to the Seller in detail of any defect in the Goods or of any other complaint which the Buyer may have in relation to the Goods. If the Buyer fails to give such notice the Goods shall be conclusively presumed to be in all respects in accordance with the relevant Contract and free from any defect which would be apparent on reasonable examination, and the Buyer shall be deemed to have accepted the Goods accordingly.
- 11.2 In the event that the Buyer establishes to the Seller's reasonable satisfaction that the Goods are not in accordance with the relevant Contract or are so defective, the Buyer's sole remedy in respect of such non-accordance or defects shall be limited as the Seller may elect to the replacement of the Goods or refund of the purchase price or, where sums are owed by the Buyer to the Seller, the issue of a credit note or a credit card account refund against return of the Goods.
- 11.3 Queries regarding shortages of Goods must be made within 7 days of the despatch date and must be accompanied by the despatch note. Queries regarding Goods invoiced but not delivered must be made within 10 days of invoice date and the invoice number must be quoted. In no circumstances shall the Seller be liable to compensate the Buyer in damages or otherwise for non delivery of late delivery of the Goods or any of them for whatever reason or for any loss consequential or otherwise arising from non delivery or late delivery.

12. Intellectual property rights

The Buyer acknowledges that all intellectual property rights relating to the Goods and any Specifications thereto are the Seller's property. Nothing in these Conditions or through the fulfilment of the Contract shall be construed as conferring any license or granting any rights in favour of the Buyer in relation to such intellectual property rights.

13. Returns

- 13.1 The Seller shall be under no obligation to accept the return of any Goods unless they are faulty or are found to be damaged upon delivery.
- 13.2 In exceptional cases the Seller may at its discretion accept the return of Goods in which case the Buyer will be credited with the price of the Goods set out in the invoice less a handling charge of 20% of that price. A return will only be accepted if the Seller's sales office has first agreed to the return and issued a goods return number, if the return is made within 30 days of the date of the invoice, and if the Goods are returned with their packaging intact and unmarked.

14. Liability

- 14.1 Save as expressly provided in these Conditions, all warranties, other conditions or terms implied by statute or common law are hereby excluded.
- 14.2 Where any valid warranty claim in respect of any of the Goods which is based on any defect in the quality of condition of the Goods is notified to the Seller, then the Seller shall be entitled to repair or replace the Goods free of charge or, at the Seller's sole discretion, refund to the Buyer the price of the Goods (or a proportionate part of the price) but the Seller shall have no further liability to the Buyer.

- 14.3 The Seller shall have no limit on its liability for death or personal injury caused by the Seller's negligence or the negligence of its employees.
- 14.4 Subject to Condition 14.3, the Seller shall have no liability to the Buyer in contract, tort (including negligence or breach of statutory duty) or otherwise howsoever and whatever the cause thereof:
- 14.4.1 for any increased costs or expenses;
- 14.4.2 for any loss of profit, business, contracts, revenues, opportunity or anticipated savings, or
- 14.4.3 for any special, indirect or consequential loss or damage of any nature whatsoever.
- 14.5 Subject to Conditions 14.3 and 14.4 and notwithstanding anything contained in these Conditions, the Seller's liability in contract, tort (including negligence or breach of statutory duty) or otherwise arising by reason of or in connection with the supply of the Goods shall be limited to a sum equivalent to the price of the Goods supplied.
- 15. Indemnity**
-
- Subject to any statutory provision to the contrary, the Seller shall have no liability for any loss of damage suffered by any third party caused directly or indirectly by the Goods, whether as the result of their operation or use or otherwise and whether as the result of any defect there in or otherwise and the Buyer shall indemnify the Seller from any claim arising from any such loss or damage.
- 16. Force majeure**
-
- The Seller shall not be liable for any loss or damage sustained by the Buyer caused by delay or failure to perform a Contract arising from any act of God, war, riot, strike, lock-out, government control or regulation, abnormal weather conditions, accident, breakdown or any other circumstances beyond the Seller's control and in such event, insofar as a Contract shall not have performed, the Seller may either terminate such Contract and return any advance payment received or delay for such period as may be necessary.
- 17. Confidentiality**
-
- 17.1 All drawings and other documents supplied by one party to the other shall remain the copyright and property of the party supplying the same and may not be copied or reproduced without its consent and such documents shall be returned in the event of a Contract not being made or completed.
- 17.2 Any trade secret or confidential information supplied by either party to the other shall be kept confidential and shall not be disclosed to any party without the consent of the party supplying the same.
- 18. Infringement**
-
- 18.1 The Buyer shall notify the Seller immediately of any circumstances coming to its attention which may be likely to give rise to any claim that the Goods infringe the rights of any third party and shall permit the Seller to conduct any action or negotiations in respect thereof in the name of the Buyer but at the Seller's expense.
- 18.2 In the event of any such claim being successful, the Seller shall indemnify the Buyer against any liability it may sustain to such third party, but shall have no other liability to the Buyer in respect thereof.
- 19. Notices**
-
- Any notice to be given by either party to the other shall be properly given if sent by e-mail or post to the party to be served at its head office or last known address and shall be deemed to have been served, in the case of postal delivery, when the normal course of post it would have been delivered.
- 20. Assignment and subcontracting**
-
- 20.1 The Seller may at any time assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under a Contract.
- 20.2 The Buyer may not assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under a Contract without the prior written consent of the Seller.
- 21. Third party rights**
-
- A person who is not a party to a Contract shall not have any rights under or in connection with it.
- 22. Variation**
-
- Except as set out in these Conditions, any variation to a Contract, including the introduction of any additional terms and conditions, shall only be binding when agreed in writing and signed by the Seller and the Buyer.
- 23. Sale to consumers**
-
- If the Buyer is a consumer purchasing Goods under a distance contract, as those terms are defined in the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 ("the Consumer Contracts Regulations"), these Conditions shall be subject to the provisions of the Consumer Contracts Regulations and in the event of there being any conflict between these Conditions and the Consumer Contracts Regulations, the Consumer Contracts Regulations shall prevail.
- 24. Law**
-
- Each Contract shall be governed by, and construed in accordance with, English law and the parties irrevocably submit to exclusive jurisdiction of the courts of England and Wales to determine any dispute between them in relation thereto.
